The user interface is generated
automatically. The design adapts
to the respective display size.

Color and theme:
Add your corporate
branding in just a few clicks.

**Always available, thanks to complete
offline capability.**
You decide when data changes
are updated.

Flexibly configurable

Tailored to your business process in just a few clicks.

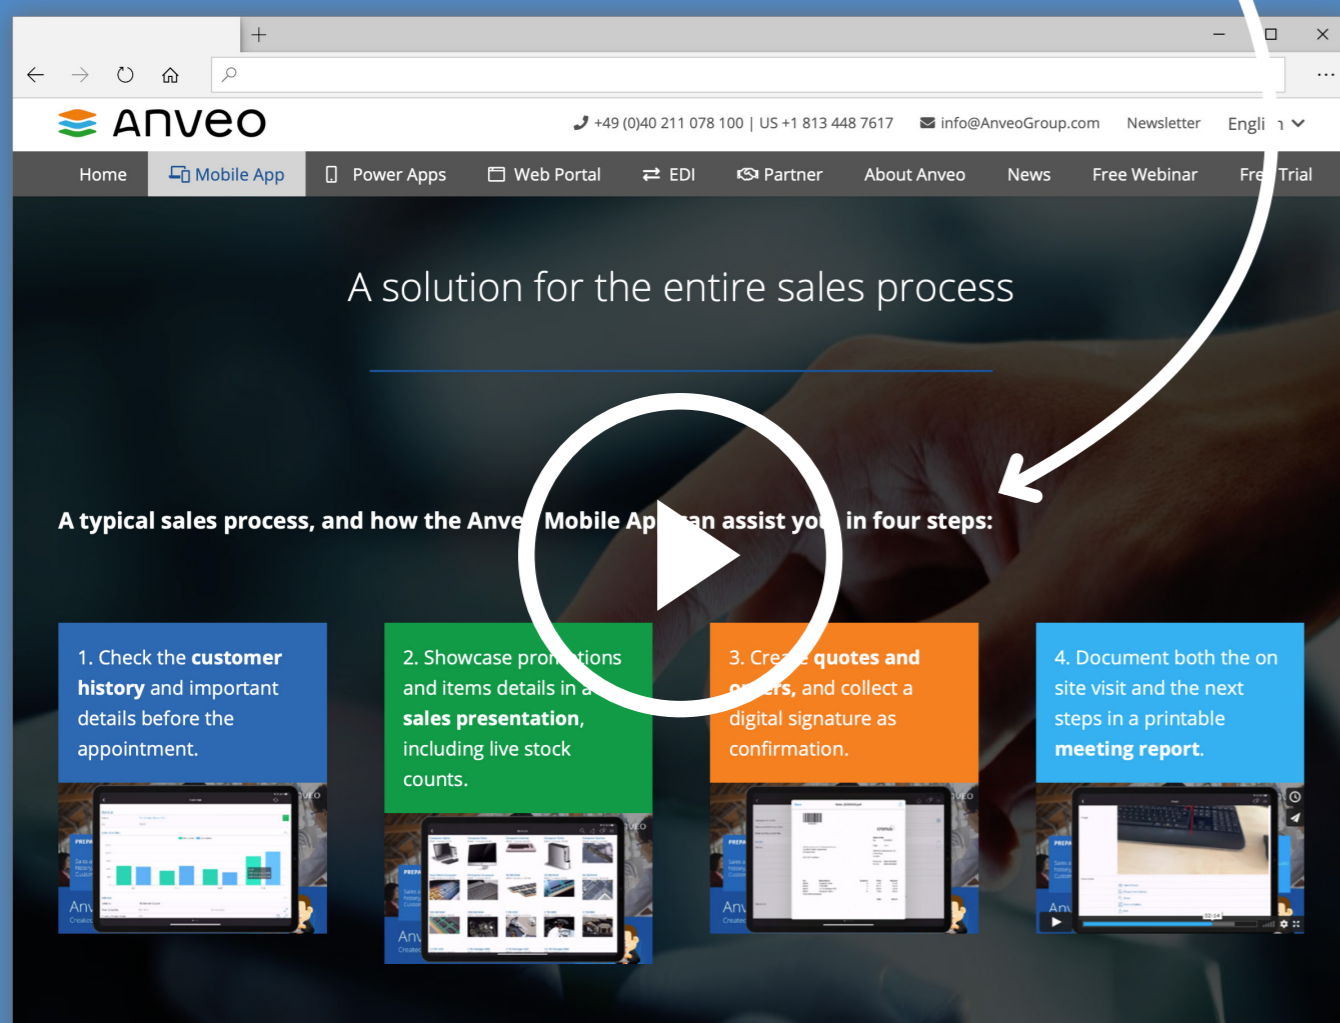

Responsive design

The app automatically adapts to each device and display size.

Intuitive handling

Reduce training time and increase usability.
